Dear Parents:

Participation and involvement is very important at St. John Regional Catholic School. Our children get very involved in the many service projects we promote throughout the year and truly enjoy having their families getting involved as well. We would, therefore, like to encourage our families to get involved through the act of volunteering. There are many areas where you could volunteer your talents to help our school.

We ask that you review the list below and check those areas where you feel you might like to be involved and return to the school.

Protecting God's Children – any person who volunteers in our school or chaperones on field trips MUST attend a course called 'Protecting God's Children.' This is a safety program designed for adults that the Bishop implemented to help protect our children. Each participant will receive a certificate which they will present to the school for copying. You will be able to find programs being offered throughout the Diocese on their website or our website. *The staff and students of St. John Regional Catholic School thank you in advance for your help.*

Our mission:

Our school offers a Catholic atmosphere to provide quality education and spiritual development to our students and their families.
